

28. THEMA: ENGLISH DRAMA WORKSHOP

ZIELGRUPPE: 8 -10 KLASSE

VORAUSSETZUNGEN: ENGLISCH KENNTNISSE

PROJEKTDESCHREIBUNG UND VERLAUF

In only three days you will develop a short English play, based on improvisation, which you will present on stage on Thursday. The only language allowed in our workshop is English. You will get to learn basic drama techniques: how to use your body as a "language", how to use space (=Raum), how to react to and with others, how to play with props (Requisiten), how to mime, to use your voice effectively and many other things.

We will develop short scenes in small groups referring to a theme, which we will decide on Monday. In the end, we will bring all scenes together and finally create a collage.

Most important is that you are willing to improvise, to be daring and creative! You are allowed to try out everything as long as it contributes to our common idea.

MÖGLICHE KOSTEN: KEINE
